

16-24, JUNE, 2013. THE NEXT STAGE OF TRAINING WITHIN THE POLISH-UKRAINIAN EDUCATIONAL PROJECT "SCHOOL ACADEMY OF ENTREPRENEURSHIP" WAS HELD IN SULEYOVEK (POLAND)

16-24, June, 2013. The next stage of training within the Polish-Ukrainian educational project "School Academy of Entrepreneurship" was held in Suleyovek (Poland).

The project is implemented under the partnership agreement between the cells of Education of the Republic of Poland and Lviv Regional In-Service Teacher Training Institute № 773/2012 "School Academy of Entrepreneurship", which is also financed within the framework of cooperation between the Ministry of Foreign Affairs of the Republic of Poland in 2012-2013, and as the

partnership agreement between Lviv Regional In-Service Teacher Training Institute and Kyiv Regional In-Service Teacher Training Institute. Kyiv Region was represented by a team of regional coordinators: **A. Dovgan**, a senior lecturer of the department of pedagogical skills of KRISTTI, **I. Mazurkevych**, a methodologist of the Center for Distance Learning of KRISTTI and **O.Pravdyva**, a psychologist of Ivankiv District Lyceum.

During the training Polish and European experience in the field of entrepreneurship was presented as one of students' key competences which helps people to realize ideas, inspire, and improve their achievements at school and develop valuable skills to acquire knowledge and work. Information on various educational projects in the field of economic education was presented, including the direction and methods of financial education, function of school entrepreneurship clubs and other initiatives that are intended to prepare young people to become an integral part of labor market.

The ways of how to prepare students for the role of entrepreneur were introduced to the participants, such as the planning of economic activity, creating a business plan, marketing plan and promotional activities, the analysis of money and how to build one's own business. The presentation of methods of active adventurousness learning, including simulations, didactic games and using ICT in economic education through the Education Portal of School Academy of Entrepreneurship was of particular

interest. During the training, the participants developed a draft regulation of the competition "Most Active School Club of Entrepreneurship."

School Clubs of Entrepreneurship, which are opened in 10 secondary schools of Kyiv Region, will take part in the competition. Each club has its own programme of work, as well as the blog where everyone can find the information on its activities.

In the 2013/2014 academic year regional coordinators will monitor School Clubs of Entrepreneurship. They will also provide training and methodological support for teaching staff and School Clubs of Entrepreneurship, helping them to take an active part in the competition on the internet platform of the project.
